

Unite in the NSSN

Unite Bus Workers on Strike

The NSSN aims to rebuild the strength of the working class by connecting trade union activists from different unions, sectors and regions across the country.

The Network is ...

- Picket line solidarity for trade unions in dispute;
- Publicity for emerging disputes that are generally ignored by mainstream media.
- Information on successful tactics used by trade unionists to resist attacks on our rights, jobs, pay and pensions.

NSSN Supporting Unite – The Fighting Union!

This year, Unite became the 10th union to affiliate nationally. But with Unite's track record of fighting for justice, it is not surprising that our supporters have stood on a plethora of Unite picket lines over the years, including Mears, the Homes and Communities Agency, Crossrail, EDF Energy, TGI Fridays, Sheffield Supertram, Barts / Serco, The Bank of England, Mixed Fleet, Bromley Council, Hackney traffic wardens, and many others.

Unite Mixed Fleet Protest

Your affiliation ensures you never miss our activities!

You will receive a **monthly newsletter** with details of current and emerging disputes, demonstrations and protests. You will also be invited to the our **national conference** with speakers from recent strikes and other labour movement campaigns, as well as high profile union leaders. And you will be invited to the **annual rally at the TUC** to lobby for coordinated action to defeat the Tories, resist council cuts, and fend off the privatisation of the public sector. Your support also secures our growth!

NSSN Rally at the annual Trades Union Congress 2018

Celebrating 150 years of the TUC, the Congress is returning to its birthplace in Manchester in 2018. NSSN is holding a rally at Congress.

Join us in Manchester for the NSSN rally of Congress!

The TUC must boost coordinated industrial action to:

- Bring down the Tories and end the misery of a thousand austerity cuts.
- Reverse the privatisation of public services.
- Repeal the anti-union laws.
- Restore and improve workers' rights.

Sunday September 9th

1pm – 4pm

Manchester Mechanics Institute
Princess Street
Manchester M1 6DD

The 2017 General Election result shocked the Tories and media but confirmed that workers have had enough of brutal cuts. Corbyn's manifesto crystallised workers' anger. Many now feel a weak Tory government propped up by the DUP, can be defeated. It is time for union leaders to launch a concerted, coordinated attack on Austerity!

*"Unite really is a **fighting back union**. In an age when the Tories have dished out brutal austerity and **employers have felt on the front foot**, I am proud of the fact that virtually every week ... there will be a picket line or protest decked out in Unite flags ... **The NSSN is often there standing shoulder to shoulder with us**. It plays an important role in getting the word out and helping to **build support and solidarity** when a hostile Tory media is attacking us for defending our members ... I look forward to our union **developing a relationship with the Network** for the benefit of our members."*

Len McCluskey, Unite General Secretary

Join our rally and help make it a reality.
